REPORT OF THE GENERAL BOARD

We submit to you the following report as a result of our meeting July 14-15, 1969.

I We have heard the reports of the several departments and recommend them, along with their budgets, for your hearing and adoption as each is presented. We have carefully noted that each department has been properly approved by a certified public accountant.

II We recommend the following amendments to the Constitution and By-Laws:

(A) By-Laws, Section 32: change 6¢ per mile to 8¢ per mile.

(B) By-Laws, Section 32: add sentence at end "meals and lodging for the committee during this meeting shall be provided for the days prior to the beginning of the convention."

(C) Constitution, Article 6, Section 3: add "at least" in front of "semi-annually".

(D) Throughout Constitution and By-Laws change "Superannuation Board" to "Retirement and Insurance Board."

(E) Revise By-Laws Section 9 as indicated in the report of the Executive Secretary.

III We recommend that the Executive Committee be authorized to do the following:

(A) Continue work on a Free Will Baptist History.

(B) Transfer Randall Book Store to the Sunday School Board as proposed. Such proposal follows:

(1) Cost of transfer will be based on inventory less five per-cent, plus equipment at net price, plus accounts receivable less ten per-cent, minus accounts payable.

(2) Date of transfer to be retroactive to the state of the books at the end of business June 30, 1969.

(3) The Executive Department will retain the Hymn Book business (and will remove all its inventory and accounts), the publication of the Treatise, and such other items as the Executive Department may choose to publish.

(4) One-half the purchase price to be paid immediately, and one-half within one year without interest.

(C) To set up a Special Projects Fund within the domain of the Executive Department with the money realized from the transfer of Randall Bookstore. These funds will be used for special projects such as publishing the Hymn Book, the Treatise, Stewardship Education Materials, the History Book and similar projects. A grant of fifteen hundred dollars will be made to Contact for extra-budgetary research and promotion.

(D) To omit in the future the individual auditor's letters from the printed minutes.

IV We recommend that the proposed Revision of the Practice Section of the Treatise be adopted as presented with amendments made by this General Board in session July 15, 1969.

Respectfully submitted,
The General Board of the National Association

SUPERANNUATION BOARD REPORT

"Cast me not off in the time of old age; forsake me not when my strength fadeth" (Psalm 71:9).

The desire of the Superannuation Board is to offer a salute to those who have reached a ripeness in years which calls forth the greatest possible admiration. We praise God for those who labor and have labored for the cause of Christ. The Board realizes its responsibility to those who labor a lifetime without assistance of an income and insurance protection.

With this grave concern, the Board has met several times this year seeking a workable retirement and insurance program for those who labor in the work of God. The program of retirement and insurance is available in separate plans. The program of retirement is an investment in the Investment Retirement Plan, Inc., in which the minister, missionary, or other regular employed Christian worker may enroll. The employer may or may not elect to match the investment of the employee, though the employer is encouraged to do so. The board has adopted the Investment Retirement Plan and three members of the Board of Superannuation have been appointed to serve as Trustees of Investment Retirement Plan along with four members of the present Trustees of Investment Retirement Plan for a period of three years after which the Investment Retirement Plan will become a total responsibility of the Board of Superannuation.

The program of life insurance protection is with Life and Casualty Insurance Company of Nashville, Tennessee, which includes both a permanent ordinary life and term coverage.

To implement this complete program, the Board employed Rev. Herman Hersey as Director and Treasurer. The enrollment in both programs may be applied for through this department of retirement and insurance.

In agreement with the above action, the Board recommends to this session of the National Association that the name of the Board of Superannuation be changed to the Board of Retirement and Insurance.

CHURCH TRAINING SERVICE REPORT

Growth in the 60's

The Church Training Service began a developmental program in January, 1965, building on a foundation laid over a period of several decades by the Free Will Baptist League and the youth divisions of WNAC and Master's Men. The organization has grown slowly but steadily, and has increased its program of services manifold. Progress has been made despite the fact that very little money has been available with regard to capital funds.

A literature program was started by the Free Will Baptist League late in 1961 in order to provide materials for the first quarter of 1962. Only one of the publications for this first quarter was written and edited by Free Will Baptists. A second publication was added for the next quarter, and others were added over a period of several quarters. The development of the literature program was continued by CTS, and there are now seventeen quarterly publications written and edited by Free Will Baptists for the local church. Other publications are produced periodically to meet particular needs: competitive activity guides, camp manuals, and record materials.

Growth in services has meant growth in personnel. In September, 1962, the Free Will Baptist League had three employees, two full-time and one part-time. In January, 1965, when CTS was officially born, there were 5 full-time and 2 part-time employees. At the time of this report Church Training Service employs twelve full-time, seven part-time, and four who are regularly called in at sometime during the quarter. Five full-time workers are college graduates and all have had some professional training. All part-time workers are either college graduates, still in college, or have had professional training. There are many others who share in the writing of CTS literature not included in the above list. It is interesting to note that at the present time all full-time employees in the CTS department are lay people.

Financial Growth and Needs

With growth in personnel and services there has naturally been a growth in receipts and expenditures. Yearly figures indicate the growth during the 60's: 1961 - \$17,206.19; 1962 - \$39,746.63; 1963 - \$47,025.03; 1964 - \$67,972.70; 1965 - \$94,283.47; 1966 - \$99,517.78; 1967 - \$103,766.20; 1968 - \$164,204.82.

The CTS Department has realized a steady growth over several years. The department had a deficit of more than \$5,000 at the end of 1962. However, by the end of 1964 the deficit had been replaced with a fund balance. At the end of 1968 the net worth was slightly under \$17,000. This represents an increase in value of more than \$22,000 during the last six years.

Production of literature and other supplies is a major task of the National CTS Department. Sales of these items provide the bulk of the operating funds.

However, due to the low volume of sales for several publications the margin of profit is small. Several publications have to be subsidized in order to keep the price at a reasonable level. To give some idea of comparison, the total distribution of all CTS publications combined does not equal the distribution of the adult student's quarterly for Sunday school.

Trying to build without capital assets has been a struggle. It has been necessary to labor under heavy accounts payable and borrowed funds as work was produced and inventories built. Interest rates have risen considerably, and the cost of borrowing funds for operating capital is becoming more expensive. Discounts which many business firms give for immediate payment have not been taken advantage of because the normal flow of cash has not permitted this. Whereas most businesses operate on a monthly basis, CTS must produce literature three months in advance, fill and ship its orders, and often wait another three months for payment. Something must be done to provide working capital.

A plan for meeting the capital needs of the CTS Department has already been put into operation. It is a reasonable plan, and if each church using the services of the department will participate, the need will be met. No large scale drive has been requested. The simple request is for a contribution of \$5 each month from every church that participates in the CTS program. It will take several months to do so, but eventually the back log of need will be met. Once the back log is met, funds will then be available for upgrading and expansion of services.

Purpose and Objectives

Progress has been made in the development of the denominations's youth and training program. However, we are not adequately meeting the need in every area and the demands are growing. There is a need for a greater thrust on the part of the local church in every area of responsibility. In order for the local church to have this thrust, there must be leaders in the church who understand the needs and know how to meet them. The Church Training Service helps the local church develop this kind of leadership.

The program of training and development as proposed by the CTS is a means to an end and is not an end itself. The purpose of the Church Training Service may be simply stated, "To develop effective Christians capable of expressing the whole of Christian truth in a complete Christian life." An even more concise way of stating the purpose is summed up in one word, "discipleship." Every program and activity suggested by CTS is intended to relate to the overall objective and purpose. Ultimately, the accomplishment of the purpose rests with the leaders in the local church.

Training Service for Local Church

The total program of services provided by the National Church Training Service Department is not as well understood as it should be. The services are many and varied, and it is seldom that any one church will take advantage of every service provided. The weekly training program involving the use of

quarterly literature is the most widely used service. Most churches refer to the training hour as CTS, and many confine their concept of the Church Training Service to this one facet.

Any facet of the local church's training program may be properly classified under the broad umbrella of CTS. You may have a specific program of training for Sunday school teachers, a program of music training, or any one of several others. All age groups and all programs may meet at the same time or at different times. The local church should decide on the type of training program that best meets its needs and plan accordingly.

Basic guidelines and suggestions are given for a continuing program of training. However, the local church may modify and adapt any or all of the services provided to its particular needs. In fact, it is highly desirable that the local leaders plan and implement innovations of their own. No two churches are alike, and suggestions given in the literature must be adapted to meet the needs of a given church.

The literature provided by the National CTS Department is being restructured on a unit basis. A unit of study is designed to cover one month of activity utilizing, in most cases, four individual meetings. Once these units have appeared in a quarterly publication they will be reprinted in single unit studies and be available at any time. Thus a unit on the theme of salvation, prayer, or any one of the 36 proposed themes will be available for use whenever the local church needs such a unit of study. The basic list of themes will be on a cycle basis for all age groups through senior high.

Youth Activities

One of the most important ministries of the National CTS Department is special activities for the youth. Increased interest in the total youth program is reflected in the attendance at the National Association. Attendance of 1,000 young people in Oklahoma City in 1968 was double the number in Jacksonville in 1967. It is anticipated that as many as 1,500 may attend the National in St. Louis this year.

A considerable amount of planning and preparation must be made to provide the kind of program needed for today's youth. It requires year 'round attention on the part of many individuals and is an expensive area of programming for the CTS Department. As yet, the actual expenses of a National Youth Conference have not been met at the time of the conference, and other costs directly related to the National accumulate throughout the year. It is impossible to immediately realize the value of such an investment in our youth. Consequently, we will have to wait a few years for our denomination to begin reaping the dividends.

Some consideration is being given to the possibility of providing regional youth conferences. It is quite possible that the National Youth Conference will become too large to accomodate the youth who want to attend as long as we have only one meeting. The National CTS Department is also interested in seeing state youth conferences planned in such a way as to provide a more complete program. A variety of competitive activities are now provided for each of the

three youth departments. Additional activities need to be planned. Our present staff is overloaded now and financial limitations make it difficult to employ additional staff. The CTS Department recognizes the need for providing a staff member who could give his full attention to the area of youth activities such as the competitive program and inspirational conferences.

Requests have also been made for the provision of a program of activities for the college age and young adult. Literature and other materials are also needed for this age group. To provide the materials and guidance for this group will mean an investment of many dollars. We are aware that this group is one of the largest groups in our denomination **representing a vast reservoir** of leadership talent that is **desperately** needed by the church. Providing for this age group will not only cost money, but will demand the services of our most talented leadership.

Leadership Development

One of the greatest needs in the implementation of a meaningful training program is the provision of an informed and prepared leadership. A program of any kind is no greater than those who serve as leaders. Someone has wisely said that God does not use programs, He uses men. A program is simply a procedure for moving toward some goal; and the realization of the goal is dependent upon those who lead.

For the ministry of CTS to be effectively used, attention must be given to leadership training. With this in mind, plus the responsibility CTS has for the denomination's camping ministry, plans are developing for establishing a leadership training program. Three main objectives are expressed for the training program: (1) to provide a special challenge for older teens, (2) to provide training for local CTS leaders, and (3) to provide training for camp leaders.

The leadership training program has a primary base of operation at Hillmont. Hillmont is a camp site of 157 acres with a small cluster of buildings purchased by the National CTS Department from the Cumberland Association of Free Will Baptists. The Association voted to sell the property to CTS for \$7,500, even though a private source had offered \$12,000.

Not all of the training program can be provided at Hillmont. However, with a base of operation, training programs can be developed and then shared on a broader basis with those CTS leaders who live too far away to attend Hillmont. It is anticipated that many of the programs begun at Hillmont, such as the Engineer program, will become incorporated into state and district camps throughout the denomination. In only a few years those who have attended Hillmont will be able to develop similar training programs in their areas of ministry. The program at Hillmont will be a source of guidance and assistance as other programs are begun.

Printing Service

An internal service provided by the National CTS Department is not generally known. The savings realized by each national department which used the CTS

printing service amount to hundreds of dollars in the course of a year. One example of this can be cited in connection with the printing of an order of ten thousand letterheads and envelopes. The identical order was supplied through CTS and through a commercial firm, and the savings through CTS was more than forty percent.

Because of the low volume of most CTS publications, we could not possibly print and sell at the present level of prices if we had to buy the printing service outside. It is in the low volume range where the CTS printing service is of greatest value. When an item reaches a certain volume, it then becomes more economical to secure the services of a commercial printer who has equipment needed for that kind of work. Only two CTS publications are printed by an outside printer.

Equipment used in the printing service is being paid for on a monthly contract. Thus, for several months yet we are still in the building and investment stages. Yet, the savings of printing certain items internally are being shared now with every department and church who chooses to use the services. Due to the nature of some printing jobs, production requires up to four months or more before the item is completed and payment is received. During this time wages, rent, and suppliers have to be paid. This is another reason why capital funds are so greatly needed.

Conclusion

Results of training take long periods of time to reveal themselves. It is difficult to invest time and money and then wait patiently to reap the dividends. However, those who are faithful to the task reap the benefits of a job well done. The National CTS Department endeavors to develop this kind of leadership for Free Will Baptist churches.

THE NATIONAL LAYMEN'S BOARD REPORT

There are many areas of need in our denomination, which can and should be filled by laymen. It is our aim in the future to encourage participation where possible. Ray Turnage, an outstanding layman, has been engaged on a part-time basis as General Director. He will occupy an office in the National Office Building. He will be available to conduct seminars, organizational meetings and attend State and Local Meetings in an effort to recruit and organize new Chapters throughout our denomination. I trust each pastor and all interested laymen will avail themselves of his service.

In the operating statement, you will notice that a Fund Balance has accumulated; not enough, but ample to increase our work on a restricted basis. We do trust that our participation in the Co-Operative Funds can be continued and possibly increased, as the other departments seem to be operating successfully.

We now have approximately 250 chapters receiving our publication of "Attack". I'm sure that you will agree that this publication has been improved considerably during the past year. We would encourage each pastor to pick up the necessary application and supplies to organize a chapter in your church. We are hopeful that the Laymen's Board can be helpful to other departments of our denomination.

We wish to thank you for your Co-Operative gifts and support in the past, and are looking forward to much progress during the coming year. Continue to pray for our work.

LET'S KEEP OUR LAYMEN ACTIVE IN THE LORD'S WORK!

REPORT OF COMMISSION ON THEOLOGICAL LIBERALISM

The work of the Commission on Theological Liberalism for the past year has involved the completion of printing and partial distribution of the booklets, *The Scandal of Christianity* and *Issues Among Evangelicals*. About 3,000 copies have been placed and approximately 6,000 are yet on hand. It is our hope that they will soon be distributed and studied by our constituency and other interested people.

Since the Commission on Theological Liberalism has no vehicle for distribution we intend to negotiate with Randall Book Store for the sale and distribution of the booklets.

We have decreased our debt with Curley Printing Company from some \$1,400.00 a year ago to \$180.00 today. The one percent allocation from the Cooperative Fund begun in January of this year has been a great help and we recommend that it be continued.

HOME MISSION-CHURCH EXTENSION BOARD REPORT

"Without God we can do nothing." With His guidance and blessings 1968 was our best year in the National Home Missions and Church Extension Department. Our greatest asset is our staff, both in the office and on the field. The financial statement will show a healthy gain, but the fact that 12 missionaries were appointed or began their work on the field in 1968 is our real cause of thanksgiving.

Reverend and Mrs. James Nason, Bangor, Maine
 Reverend and Mrs. David Cochrane, Mexico
 Reverend and Mrs. Fred McCoy, Puerto Rico
 Reverend and Mrs. Robert Francis, St. Paul, Minnesota
 Reverend and Mrs. Mark Vandivort, Columbia, Missouri
 Reverend and Mrs. E. B. Ledlow, Decatur, Alabama

In addition to these the following were supported:

- 3 Summer workers
- 30 Regular missionaries
- 22 Part time (designated funds)
- 6 State mission board projects (designated)
- 2 District mission projects (designated)
- 7 Bible Institute, Monterrey, N. L., Mexico
- National workers, Mexico
- Alaska Missions
- Pearl Harbor project

The following states exceeded their quota in giving for 1968:

Alabama	Maine
Arizona	Mississippi
Colorado	Missouri
Georgia	Ohio
Indiana	Tennessee

Twenty-four states gave more than they did in 1967 while 11 states gave less. Tennessee was the leader in gifts followed by Oklahoma, with North Carolina third and Missouri fourth.

Chaplains Commission

Chaplain (Capt.) Gerald Mangham served in Viet Nam - now transferred to Fort Sill, Oklahoma

Loan Fund

1. Loan to Virgin Islands Mission - \$3,000
2. Loan to Hollywood, Florida, Mission - \$1,000

Evangelism

First nation-wide evangelism conference sponsored at Florence, South Carolina, was a great success.

Second conference scheduled for Fort Smith, Arkansas, September 15-17, 1969.

Literature

1. "Shield of Faith" letters to our servicemen and women have been mailed monthly.
2. 300,000 copies of *Mission-Grams* was printed and distributed.
3. Thousands of pieces of missionary literature have been printed and used.

Miscellaneous

1. Missionary conferences have been sponsored in all sections of the nation.
2. Revivals have been sponsored as time and staff would permit.
3. Much time has been spent with state and district boards in way of counsel and advice.
4. Names and addresses of Free Will Baptist families, who move from one state to another, have been mailed to the proper persons in the states affected. In this way we have retained many families previously lost to other denominations.
5. A good deal of time has been spent counseling young people about their life's work. The need is great for laborers in every division of our department; therefore, every opportunity has been taken to give encouragement to those who have shown an interest in the missionary ministry.

The work of Home Missions and Church extension is vital to our denomination. Every penny that is given for all causes in the denomination must come from the local churches. If there were no local churches, we could have no colleges, childrens' homes, or overseas work. Brethren, we must have more churches organized, and in order to do this, we need more financial support for home missions.

Of the 100 largest cities in the United States there are Free Will Baptist churches in 74 of them. Many, if not most all of these were organized within the

past 20 years, and most of them were a mission project of some kind.
 The Seattle project became a self-supporting work and we feel a most successful one in 1968.

Now, a brief glimpse at 1969 -----

We faced our first loss by death of one of the family. Miss Bessie Yeley went to be with the Lord on January 23. A Memorial Loan Fund has been established in her memory to assist young people who are preapring for a missionary ministry among those who speak the Spanish language.

The Board is giving some financial support to the new mission in Cedar Rapids, Iowa. It is our hope that we can soon have an Iowa Association of Free Will Baptists.

The Board is making available appropriate literature on how to include Home Missions in wills and how to give money into trust funds for this cause. Inquiries are invited.

I was elected as a member of the Board at Shawnee, Oklahoma, in July of 1952 and have had the privilege of attending every regular meeting of the Board since that time. These 17 years have been great years in God's work, and I have had the privilege to work with wonderful people. For the past 13 years I have served as general director-treasurer and thank God for His marvelous blessings. Your prayers and interest continue to make me want to give God and you my best. I pay tribute to all who have served on the Board, all who have been on the staff, and all who have served as missionaries. One final tribute -- to my wife, Dorothea, who married a mountain boy preacher 26 years ago and who has shared in all my ministry, especially these years in home mission work.

Sincerely yours in Christ,

Homer E. Willis, General Director-Treasurer

FREE WILL BAPTIST BIBLE COLLEGE REPORT

This is a report of the 27th year of operation of the Free Will Baptist Bible College. It is felt by administration and faculty that this was one of the smoothest years of operation that Free Will Baptist Bible College has known. Student life on campus seemed to have been almost ideal throughout the year. Student problems were at a minimum. The spirit of cooperation on the part of the students was in sharp contrast to the student unrest and rioting which is becoming commonplace on college and university campuses across the country. Jesus Christ in the hearts and lives of students does make a difference.

The statistical part of this report will reveal that there was growth in almost every area of the college.

I would call your attention to the enrollment of ministerial and missionary students. I am sure it is encouraging to Free Will Baptists to know that when you support Free Will Baptist College you are helping train 200 men and women who are going into some type of full-time Christian ministry. We could add to this number of ministerial and missionary students those who will teach in Christian day schools and become directors of Christian Education in local churches. We must remember that this is the primary function of the Free Will Baptist Bible College, and it pleases us to know that we have such a host of committed men and women in our denomination preparing to preach the Gospel at home and abroad. Let us not overlook the more than 200 students in our enrollment who, no doubt, are just as dedicated in their Christian commitments but who have not been called into so called full-time Christian service. These will serve the Lord as Christian businessmen, housewives, and in other areas of secular employment. You will notice that this year's graduating class was the largest to ever graduate. Prospects of next year's graduating class is even larger. We feel a sense of accomplishment when a good percentage of our students earn their degrees here. We should remember, however, that since a heavy percentage of the women students are going into the teaching profession, we may expect a heavy transfer rate as long as we do not offer a degree in this area.

You will be interested to know the number of students employed by Free Will Baptist Bible College. More than \$50,000.00 was paid in student wages during the year. Sixty-two student loans were processed. More than \$17,000 was loaned to these students during the year. Since Free Will Baptist Bible College does not receive Federal loans, it is necessary for more funds to be made available to assist worthy students. We believe there are many of the Lord's people throughout our denomination who would like to make a designated contribution to the College loan fund. In the financial section of this report you will note that we received slightly more than \$145,000 of the gift budget of \$175,000. It was the plan of the college to take 10% of the requested budget set it aside for a student loan fund. Since we fell short of the requested budget by approximately \$30,000, we were unable to set this money aside as planned. During the coming year it is still proposed to take 10% of general fund money for this purpose.

The Expansion Program continues to be active and the indebtedness is

consistently being reduced. The current development program will involve the construction of at least seven units: an academic building, a gymnasium-auditorium, a library, and four dormitories. The total cost is expected to exceed \$3,000,000. Phase I, launched February 18, 1966, has included the purchase of three pieces of property and the construction of two buildings. Progress on this phase is encouraging. Total cost of Phase I was \$700,000. Through May, 1969, we have received more than one-half million dollars in cash and have promises of approximately \$150,000 from our people. Since commitments have been fulfilled at about 90%, we expect good revenue from this source over the next several months. We are now looking toward the second phase of the program which is expected to include the purchase of one or two pieces of property and the construction of two buildings. One of the most encouraging things in regard to the Development Program is that many churches and individuals are raising the second and third special gifts to this fund. With this spirit prevailing, it is hoped that the coming year will see the retirement of the indebtedness of the first phase of the program. The plans for other buildings are moving along satisfactorily. The tight money market is the biggest problem facing us at the present time. A new piece of property was recently purchased on Richland Avenue for future development. Cash was paid for this \$23,000 property.

Free Will Baptist Bible College is enjoying a wholesome physical growth as well as internal growth. The prospects for fall enrollment are bright. The number of applications on hand compared to this time last year are considerably more. An investment in the youth of our denomination is an investment in its future.

SUNDAY SCHOOL DEPARTMENT REPORT

I. Our Impressive Past

A decade is ten years. The past ten years of the history of the Sunday School Department run a close parallel to my own history. Ten years ago I was elected to the Sunday School Board and served for three years as an unsalaried Promotional-Secretary. In 1962 I came with the Department on a full time basis. It has been thrilling to see God at work in our Department during this past decade.

We have moved from a weak financial picture of indebtedness to a solid financial structure of operating in the black. Our number of employees has increased from three part-time employees in 1962 to a total of twenty-one part-time and full-time workers. Our number of publications has grown from nil to our present number of twenty-one. Our operations area has grown from several hundred square feet to more than 14,000 square feet.

I feel that our greatest achievement has been our curriculum development. In the past several years we have moved completely away from the International Lesson Outlines to our own Free Will Baptist Curriculum. Sales have indicated that this is what our people have wanted and that our National Association meant what it said in 1964 when the National body gave unanimous approval to our development of our own curriculum.

I have also witnessed an increased effort in the area of Promotion and Teacher Training under the able leadership of Rev. Harrold Harrison. God sent Brother Harrison to us five years ago and has blessed his ministry among our people.

II. Our Immediate Present

Our 1968 audit reflects another successful year of sales and service by our department. Please study the audit carefully and feel free to ask any questions that may come to mind.

we have underway. One is called Dollars from the Scholars and is intended to assist Free Will Baptist Bible College in their building program. The other is Mites for Missions which is a program designed to raise funds for the literature ministries of both the Home and Foreign Missions Departments. Information about both of these programs is available at our display booth.

III. Our Important Future

After reflecting over the past decade let me call your attention to the fact that we are facing a new decade. We are near the threshold of the 70's. What do these years hold for us?

To begin with we are forecasting our largest year of sales for 1970. Our 1970 budget follows elsewhere in this report. I trust that you will give it very close scrutiny.

1975 will see us climaxing our seven year cycle of study with the Book of Revelation. Hopefully, we will be able to offer some electives by that time. We also want to produce our own "hardback" commentary. Other nearby goals that we hope to achieve are:

1. The development of our own Nursery curriculum.
2. The development of our own Vacation Bible School materials.
3. The production of gospel and training tracts.
4. The provision of materials for both Spring and Fall Enlargement Campaigns.

Do pray with us concerning our goals and our ministries. God has blessed us in so many ways so let us not fail to thank Him. This concludes my report for 1969.

Yours for greater Sunday Schools,
Roger C. Reeds, General Director

THE EXECUTIVE DEPARTMENT REPORT

We stand at the gateway of another decade. Previewing the 10-year period ahead, one national magazine predicts the "soaring '60's" will become the "spectacular '70's." How will our denomination meet the challenge of this new era? In a day of protest, violence, increased crime and lawlessness, what can Free Will Baptists do to become more spiritually influential? When technological, economic and demographic growth is so rapid, how can we reach this secular society in which we live?

Will we drift with the current or sit on the side lines and wring our hands in despair? Or will we seek to counteract the crisis of our times with a vigorous witness for Christ? Amid the turmoil of a confused world, I trust we can exert a positive spiritual influence for Christ. We as a denomination must stand ready to meet the challenge of these perilous times. It is a tremendous time in which we live, but it is a tragic time to waste a life.

In the words of Charles Dickens', *Tale of Two Cities*, "It is the best of times and it is the worst of times." Yet we must arise to meet a need in the "now" generation and build a stronger foundation for "future" generations. Free Will Baptists face an unprecedented challenge to make a greater impact on our present-day world.

Two things are necessary to make our denominational witness more effective. We must become truly evangelistic and we must place greater stress on teaching and training. The gospel train runs on the tracts of world evangelism and Christian education. Unless priority is given to these two facets of Christ's Commission, we will continually flounder and fledglingly "hold the fort."

Your Executive Office is endeavoring to keep abreast of changing circumstances and to stay in stride with these crucial times. A need exists for a more concerted effort to bring about cohesiveness. While strengthening our position to prevent any deviation from the historical principles, we must actively and progressively move against the forces of Satan and the false religious world church system. The ecumenical movement is no longer a paper tiger. It poses a real threat to the evangelical church. We must engage in a vital alternative.

As a basis for the decade ahead we propose that 1970 be a year in which we magnify the Bible. In a day when the Bible has been brought into disrepute and when it has been replaced in the school by sex education, we need to refocus our attention on the living, indestructible, eternal Word of God. A special emphasis

on God's inspired Word will lay a foundation for emphasizing other phases of our ministries in succeeding years.

Mr. Jim Jones has joined the executive staff as administrative assistant. As a well-trained journalist with several years of experience, he will assume editorial duties with *Contact*. He will produce aids for promoting and publicizing our work in the local church. I feel the services of this dedicated layman will meet a vital need in the developing role of publishing needed materials and providing better communications. It is essential that people be enlightened in proportion to the denominational structure. Under a system of delegated authority, those who lead must keep the people well informed.

Contact will be a primary source of information. This year we celebrate the 16th anniversary of this publication. From its inception the magazine has been a channel of communication to the grassroots level of our denomination. Plans have been made to improve the effectiveness of *Contact*. Some of the improvements to be made include the up-grading of contents and style; the selection of an "editorial advisory council" to give the magazine a more authentic and far-reaching viewpoint; conducting a reader's interest and audience analysis survey; and the establishment of a separate budget with the objective of the magazine's becoming self-supporting.

Rising production costs necessitate a subscription rate increase. To become effective November 1, the new rate will be \$3.00 per individual subscription and \$2.50 for the Family Plan. Between now and the subscription campaign in October, you can renew for the present rate of \$2.00 a year. We appeal to you for your help and cooperation in promoting a campaign to increase the subscriptions for a better magazine.

Cooperative gifts continue to increase. The distribution of cooperative funds is the life-line for several departments since cooperative gifts go into the general fund of each department.

Restraint should be exercised by the districts and states not to jeopardize the Cooperative Program by taking out an unrealistic or unjustified percentage at this lower level. When so much of the cooperative giving is kept on the district or state level, it hinders the operation of our national departments.

Our stewardship giving is pitifully low. Unless greater emphasis is given to teaching Christian responsibility in fulfilling our denominational mission. Since time has been spent in working with the Superannuation Board to help formulate an insurance program that will benefit all of our ministers and Christian workers, we have not had adequate time to promote stewardship. This will be, however, a major emphasis in the forthcoming year.

The Sunday School Board has requested that the operation of Randall Bookstore be transferred to their department. They have offered to purchase the merchandise and equipment for the inventory cost less five percent. The Executive Committee has taken the matter into consideration and it is recommended this proposed negotiation be approved.

Since it will be necessary to delete Item G in Section 9 of the *Treatise*, it is recommended that in addition to this change the following proposed revision be

adopted in order to better describe the Executive Secretary's ministry.

The duties of the Executive Secretary shall be:

A. Administration

He shall administer the affairs of the executive office and carry out the responsibilities delegated to him by the National Association and the Executive Committee. He shall fulfill all duties commensurate with his office and present such plans and procedures that he feels would be effective in the life of the denomination.

B. General Promotion

He shall seek to show through general promotion the correlation and interrelation of all the national ministries. It is expected that he will promote impartially the total program of work as devised by all the departments.

C. Public Relations

He shall serve as consultant on general denominational affairs and as official representative when occasion demands. Through personal communication he shall keep close contact with pastors, state organizations and their affiliates. He shall represent the National Association to other bodies when in the interest of the denomination.

D. Publications

He shall be responsible for publishing the association's official magazine, *Contact*, and to serve as editor-in-chief. He shall direct the production of general promotional materials, pamphlets, audio visuals and books as approved by the Executive Committee.

E. Stewardship

He shall provide a program of stewardship education that will produce increased support for the denominational ministries through the Cooperative Plan and other methods of proportionate sharing. He is further charged with the responsibility of receiving and disbursing cooperative funds, and in general to serve as treasurer and business manager of the National Association.

F. Arranging Annual Convention

He shall expedite the planning of the National Convention program, enroll all ministers and delegates, print and distribute minutes, and investigate future sites for the annual sessions.

G. National Office Management

It shall be the duty of the Executive Secretary to serve as chairman of the management committee of the National Office facilities. This committee shall be composed of the directors of the departments which occupy the facilities.

Except for a period of illness this spring that necessitated canceling some services, I have spent a good portion of time on the field participating in state meetings, conducting state-wide itineraries and making other promotional visits. A larger percentage of time will be spent on the field to advance the work in the forthcoming year.

From my grassroots contacts it is encouraging to note the growing spirit of unity among our people. I feel it is time to establish a "new fellowship". We can not remain a vital, vibrant and victorious church if we are constantly beset by

fear, distrust, suspicion and divisive attitudes. Fellowship is the key to understanding. It is the bridge to confidence and loyalty. It is a step toward maturity and learning to work together in a concerted effort. The road to fellowship is found on the highway of "L-O-V-E". Love and fellowship are siamese twins. They form a basis for a tolerant attitude and mutual understanding. They span the chasm of diversity and bind us into a real partnership. A strong bond of fellowship will give us unity of faith and purpose that will give us strength as we launch forth into the unknown lunar age of 1970.

Rufus Coffey,
Executive Secretary

EXECUTIVE CHURCH BONDS, INC. REPORT

THANK YOU for making 1968 the biggest and best ever for Executive Church Bonds, Inc. We completed 27 programs and issued a total of \$1,169,500.00 in bonds through 1968. We exceeded our budget a total of \$2,605.75, and feel that new doors are opening for our bond company. We are thankful for the many churches that are constructing new buildings and sanctuaries for our Lord and for this stewardship ministry.

Please note the following items:

- (1) The Reserve Service Fund has been started during 1968 (note financial report).
- (2) Free folders are available for those churches and individuals wanting information on the Church Bond program by writing the office in Nashville, Tennessee.
- (3) I am thankful for my new part-time secretary, Clara Picirilli, and for this extra help in the office.

Let me thank you again for the wonderful response in 1968, and may this year (1969) be as active for the ministry of Executive Church Bonds, Inc.

Please remember to pray for this ministry of the Free Will Baptist denomination.

Respectfully submitted,
Francis W. Boyle, Director

BOARD OF FOREIGN MISSIONS REPORT

WHO CARES? This theme of our foreign missions department probes the soul of our National Association of Free Will Baptists. Who cares that since this time yesterday 190,000 more people have been added to our world — 190,000 more mouths to feed, bodies to clothe, minds to educate and 190,000 more souls to win to Christ? Who cares that since last week a city larger than St. Louis, our convention city, has come into existence?

The world is at our doorstep. In fact, modern means of communication have made scenes, faces and voices from distant nations familiar to our children. During our convention, American astronauts are to plant the United States flag on the surface of the moon. A people who have this capability could fulfill the command of Christ to preach His gospel in the uttermost part of the earth.

Who cares that "God so loved the world, He gave His only Son . . ."? With 3.5 billion people in our world, our task is 12 times greater than when Jesus gave the Great Commission. The 12 disciples waited in the Upper Room in Jerusalem for the Holy Spirit to come and their faith was spoken of throughout the world. What are we Free Will Baptists waiting for?

We believe the gospel is a matter of life and death. We believe Christ is the way to heaven. We believe that only in His name is there salvation for the sinner. We believe that only His blood atones for sin. We believe that it is repentance toward God and faith in Jesus Christ that brings forgiveness to sinners. We believe that every human being should have the chance to hear and receive the message of redemption. How can we reach the masses?

Is our concern revealed in the growth of our missionary force?

PERSONNEL NEEDS:

France	Three couples for church planting.
Ivory Coast	Two doctors, two nurses, three couples for village evangelism.
Panama	Two couples for church planting.
Japan	Unlimited number of church planting missionaries.
Brazil	Unlimited number of church planting missionaries.

The work in Cuba continues under national leadership. In our eight fields of established Free Will Baptist churches, there are 47 organized groups, 26 national preachers, 2,805 baptized believers and more than 5,000 attending worship services, mission preaching points, Sunday schools and Bible classes. Radio ministries are used in Uruguay, Brazil, Panama and Japan.

Who cares that our missionary force is comparatively small in number? Our personnel needs must be met from our homes, our churches and our colleges. Our world is exploding with youth. One-half of our population is under 25 years

of age and 46 million in Brazil are under 15 years of age. We have a tremendous potential in our youth in this convention. A survey of 2,600 high school teenagers revealed that 5.4 percent expressed interest in foreign missions service. Of this group 71.3 percent were girls. Who cares that there are so few young men heroic enough to follow Christ to the mission field? Why? The answer could be in the story told by a Baptist minister, "An underfed little boy was trying to tell his friends about God. The question was thrown at him, 'If God is love, why doesn't He tell your Christian friends to give you something to eat?' Eyes downcast, the young believer could manage, 'I believe He does, but they don't listen.'" Do you care enough to listen and reply, "Here am I send me"?

Who cares that in America in 1968 we spent \$20 billion on crime, \$9 billion on liquor, \$5 billion on tobacco and \$130 million for missionary work? Is our giving indicative of our concern? Free Will Baptists gave on the average of \$2.85 per member in 1968 for foreign missions. Our records reveal a steady increase until last year.

Special recognition is given to Free Will Baptists in Alabama. In 1968, Reverend E. R. Mayo made a gift of \$4,898 to Dave Franks account. In May of this year a layman, John Tucker of Alabama, committed himself to underwrite the \$15,000 Bondoukou Literature Center in the Ivory Coast. We need more of our Free Will Baptists to underwrite projects overseas. A decision on the Keith Estate of Paintsville, Kentucky is in the hands of the Circuit Court Judge. Mr. Harold Critcher, director of finance, will assist interested persons in making wills, annuities and endowments for foreign missions.

Is missions the heartbeat of your church? Who cares that approximately 1,500 Free Will Baptist churches have no heart for foreign missions? Out of 2,100 Free Will Baptist churches only about 600 give regularly to our ministries. Reverend Henry Van Kluyve, director of deputation, through pastors' conferences and missionary conferences is trying to involve more of our churches in consistent concern for world-evangelization. We had 222 churches participating this year in our Missions Call-A-Thon giving \$11,118.69. Our Call-A-Thon in 1970 is on Sunday, April 19. I envision the time when offerings on that Sunday will underwrite our operational budget. You can make this one of the greatest concerted efforts of Free Will Baptists to reach our world with the gospel.

There has been increasing interest in "Project 5000." Be sure to come by our booth and learn about this project and how you in your area can be a tremendous reserve for special needs.

We are reaching the 50,000 mark on *Heartbeat* distribution. Approximately 500 new additions are made to our mailing list each month.

Mr. Jerry Ballard, director of communications, was honored by the Evangelical Press Association for his editorial in the January-February issue of *Heartbeat*. A survey of our work on eight fields is available in a new booklet, *Who Cares*, and a summary of missionary families and their work is given in our booklet, *Prayer Works Miracles*. These are available at our booth. A complete series of filmstrips of our mission fields are now available. Come by the booth or write us for booking missionary films.

We pay special tribute to the memory of Reverend Thomas H. Willey, Sr., and Miss Bessie Yeley. Reverend Willey established the witness of Free Will Baptists in Cuba and served on the island until the Castro regime prevented his continuing in Cuba. Miss Yeley worked several years in Cuba with Reverend and Mrs. Willey before coming to the States to work with the home missions department. Our offering at this convention is in memory of these faithful servants.

Our board of foreign missions and staff acknowledge with deep gratitude your prayers and gifts for our ministries.

I call on the National Association of Free Will Baptists to renew its commitment to fulfill its responsibility in obedience to the Great Commission.

I call on every pastor to involve his church in a consistent missionary ministry of praying and giving.

I call on every Free Will Baptist Sunday school to participate in Missions Call-A-Thon, Sunday, April 19, 1970.

I call on every youth leader to present the challenge and opportunity of missionary service to the young people in the local church.

I call on every Free Will Baptist member to examine his stewardship in the light of our urgent task.

Who cares for lost souls? God cares! Christ cares! The Holy Spirit cares! The missionary cares! HOW MUCH DO YOU CARE?

REPORT OF THE HISTORICAL COMMISSION

There is almost no way to properly alert ourselves to the importance of preserving our history. We begin to realize it when we need items and don't have them and cannot get them.

We appeal to all our people here assembled today to help preserve the history of our beloved denomination. We need the minutes of all our State Associations, all our Free Will Baptist publications, books, treatises, written sermons, photographs of older preachers and leaders, our churches and institutions, etc. Some of our National Departments have donated bound volumes of their publications and others have promised to do likewise. We are very thankful for them because one day our current printings will be rare. The address for mailing is:

Free Will Baptist Historical Collection
3606 West End Avenue
Nashville, Tennessee 37205

We think the Bible College will provide us with a fire-proof cabinet for our more rare items. It is now in the talking stage but we are encouraged at the reaction of our College Officials to our request. You remember, we get no funds. Our total receipts this year have been \$5.00

We have a complete listing of all the materials in the collection. There are approximately 1040 separate items. We hope to have a display case for a few of the rare things soon in the Library at the Bible College.

We strongly urge that another printing of Dodd's history be made as soon as possible.

Please help us collect the old Free Will Baptist printed matter. We do have a goodly heritage (Psa. 16:6). We should not be ashamed that we are Free Will Baptists, in fact we should get acquainted with our history, both the good and the bad in our past, and instill it in our children so as to keep them with us as other groups learned early to do.

Respectfully submitted:
Ronald Creech
Bill Davidson
E. E. Morris

REPORT OF BUDGET COMMITTEE

It is recommended that the present plan be continued in the allocation of Cooperative Gifts as follows:

1. Executive Department Budget
2. Board of Retirement and Insurance 5%.
3. Board of Church Training Service 10%.

4. Laymen's Board 3%.
5. Commission on Theological Liberalism 1%.
6. The remaining funds are divided with Foreign Missions, Home Missions, and Free Will Baptist Bible College by an annually adjusted mathematical formula. The formula is based upon the percentage of expenditures averaged with those of an equal amount of 33%.

Respectfully submitted,
Rufus Coffey

REPORT OF RESOLUTIONS COMMITTEE

Whereas, this convention has been most harmonious and fruitful and several progressive steps have been taken to give greater evangelistic thrust to the world through out denominational programs, *be it resolved*:

1. That this body give a rising vote of thanks to the Missouri State Association of Free Will Baptists, the local churches and to all persons and committees who have combined their efforts to provide the facilities and the cordial reception to this 33rd session of the National Association of Free Will Baptists.

Be it further *resolved* that the clerk of this association be instructed to send letters of commendations to the officers of the Missouri State Association.

2. *Be it resolved* that we give a rising vote of thanks to the officers of this association the planning committee, and all national workers who have faithfully served throughout this session and the past year.

3. Whereas the President of the United States, Richard M. Nixon has suggested to the Congress of the United States of America the passing of new laws with strong penalties against those who send pornographic materials to young people under age 18, *be it resolved* that a letter be sent from this body to the President of the United States encouraging the passing of strong laws by the Congress to bring strong penalties against those who produce, sell or possess pornographic materials;

And be it further *resolved* that the repeal of the ruling by the Supreme Court in regard to the sale and possession of such materials be supported by this body in the letter sent to the President.

Respectfully submitted,
Van Hudson, Chairman
Tryman Messer
William Mishler
Edward Purcell
Ralph Butler

PLACEMENT COMMITTEE REPORT

We, the placement committee, have considered the invitations for the National Association Convention for 1972 and wish to recommend that we accept the invitation to meet in Fort Worth, Texas.

We encourage those who extended an invitation to not be discouraged but rather work for more suitable conditions, and extend another invitation sometime in the future.

Respectfully submitted,
Leon McBride—Chairman
Grover Terry
Edward Hargis
Hughes Ellis
Edward Cook
